

Parallel® Panel Systems

- Create simple or fully accessorized cubicles and reception stations!
- Fully slotted panels for easy worksurfaces and accessories height adjustment.
- Use your choice of fabric, laminate and glass options to create a high-function, cost-effective workspace.
- Sliding or traditional hinged doors add privacy to a workspace or conference room.
- Panel frames and components are all metal, ensuring long life and reliable color matching.
- Snap-fit electrical system.

Worksurfaces for Parallel®

- Cable management cutouts are standard.
- Pre-drilled pilot holes make worksurface and accessory installation a snap.
- Durable 1" thick worksurfaces feature high-pressure laminate and impact-resistant T-mold edge.
